I just put up my final TIM talk for 2009. Is the year that old already that we are finishing up things? Good grief... Anyway, it can be found here [2].

I'm struggling with trust myself at the moment: hence the prominence in the talk. I wrote it just as much for myself as for other people. And it is not just trust in God: also trusting other people. (That is something I haven't always been very good at.) But I have good friends, a solid foundation in the rest of the congregation and a loving Father in heaven. And for that I am really thankful.
